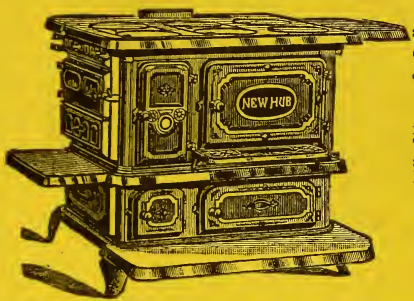
THE

NEW HUB RANGE!

With Patent Reflex Grate.



Has stood the Test of Years and is everywhere creating the Greatest Enthusiasm among our Housekeepers!

Its great popularity is due to its striking improvements over other ranges. These improvements are all patented and are peculiar features of the New Hub.

AMONG ITS SPECIALTIES ARE

Steel Finished Edges and Panels, Oven Shelf for Basting Meats, Ornamental High Shelf, Elegant Cabinet Base,

Patent Double-Quick Damper, Patent Reflex Grate, Patent Hub Towel Dryer, and the Largest Oven Made, taking 8 Full Sized Pie Plates at a time.

Those who believe the BEST is the CHEAPEST will give the New Hub the preference over all others.

The NEW HUB is Manufactured by

THE SMITH & ANTHONY STOVE COMPANY,

52 and 54 Union Street, BOSTON, MASS.,

and is for sale by dealers everywhere.

PREFACE.

In presenting to the public a new Directory of Waltham and Watertown, and No. 6 of the regular series, it has been our aim to furnish our patrons with a book of reference, distinguished for its fulness, correctness, and typographical beauty.

The thriving manufacturing towns here represented, continue to gain in population and business importance, and it is but reasonable to predict that in no distant future they may develop such business resources and population as to follow the example of other large and growing communities, in assuming a city form of government, and will find an *annual* Directory needful to represent their population and business interests.

All towns at the present day of any considerable importance and population, find a good Directory a great convenience to both citizens, and visitors who are constantly resorting to its pages for information of some kind. Orders not unfrequently come to us for our directories from distant parts of the country, indicating that their circulation is not limited to the localities they represent.

The attention of persons using the Directory is especially directed to the importance of knowing the exact spelling of a name before looking for it, as names pronounced the same are frequently spelled in different ways, and appear on different pages remote from each other.

	1880.	1882.	Increase.
Names in Waltham,	4,346	4,720	374
Names in Watertown,	2,084	2,191	107
Total,	6,430	6,911	481

Thanking the community sincerely for the uniform courtesy and assistance extended to our agents while obtaining the requisite information for the present number,

We remain respectfully,

W. A. GREENOUGH & CO.,

Editors and Publishers.

October, 1882.

52 Main and Linden streets.
53 Main and Willow streets.
54 Willow and River streets.

SIGNALS.

I—One blow for test at 6.50 A.M., 6.50 P.M.

II—Two blows will dismiss companies in waiting and give notice that companies in service have "made up."

Should an alarm occur from another box before this signal is given, companies answering second, will answer on first; companies answering third, will answer second.

III—Three blows, followed by the box number—second alarm.

III—III—Three blows twice, followed by the box number—third alarm.

II—II—Twenty-two—struck at 7.30 A.M., indicates no session of schools in the morning; same signal at 11.45 A.M., indicates no afternoon session.

INSTRUCTIONS TO KEY HOLDERS.

Upon the discovery of fire, go to the nearest box, open the same and pull the hook down *once* only, then let go; listen if the gong in the box strikes, if not, pull again. If you fail the second time, go to the next nearest box and do the same.

Remain at the box, if possible, after giving an alarm, to direct the firemen to the fire.

Do not give an alarm for a fire seen at a distance.

Be *sure* the box is *closed* before leaving it.

If you remove from your house or place of business, return the key to the Chief Engineer.

Key holders will bear in mind that their key will be "*trapped*" when used, and will be returned to them by an engineer.

PUBLIC SCHOOLS.

NEW YORK WAREHOUSE.
16 Cliff Street.

CHICAGO WAREHOUSE.
107 & 109 Lake St.

THE AMERICAN
Iron Post AND Construction Co.

OFFICE, 31 MILK STREET, BOSTON.

Manufactures a METALLIC POST FOR WIRE FENCES, possessing many great advantages over all metal posts hitherto made, among which are the following:

It is of Iron or Steel. It is protected from Rust by an Indestructible covering.

IT IS CHEAP.

It is driven into the ground—no digging of post holes.

IT WILL NOT BURN UP.

There are needed NO NAILS OR STAPLES for attaching the wire,—only sledge, wire and posts to put up the fence.

For RAILROADS a wire fence with this post is CHEAPEST and BEST.

For FARMERS it is the CHEAPEST and BEST.

For COUNTRY ROADS IT IS THE BEST, as it affords no place for weeds in summer, or for snow-drifts in winter.

IT IS ORNAMENTAL, and the best for yards, gardens, orchards and trellises.

It will keep out cattle and boys. Flat, barbed or plain wire can be used with this post.

INQUIRE OF DEALERS IN FENCE WIRE.
